This event is part of a nationwide debate tour with Messrs. Brook and Sunkara. Other stops on tour include the University of Maryland and University of Colorado Denver.

This is not just another event – this is engaging and activating the next generation of leaders and making a difference in the future of our nation.

It is our mission to provide students – and all who attend – with the opportunity to learn about critical issues through reasoned and respectful debate. We believe this is the most effective way to reach students with diverse ideologies and to help them learn how to think – not what to think.
